3-INGREDIENT PUMPKIN OAT DOG TREATS

Healthy & Yummy

INGREDIENTS

- 3 cups old-fashioned rolled oats (old fashioned, not the quick-cooking kind)
- 1 cup pumpkin puree, unsweetened
- 2 large eggs

Eggs: If your dog is allergic to eggs 1 cup of mashed bananas or applesauce will work just fine.

INSTRUCTIONS

1. **Prep.** Preheat oven to 350° F. Line two baking sheets with parchment paper. Set aside.
2. **Mix dough.** Add oats to a clean and dry food processor. Process oats on high speed for approximately 2 minutes, until they resemble a coarse flour. Add pumpkin puree and eggs to the processor, and pulse until the mixture forms a stiff dough.
3. **Shape treats.** To make bone-shaped treats, flour a clean work surface, and roll out the dough until about 1/4-inch thick. Use a cookie cutter to press out the treats and place on the baking sheet. They won't expand or rise much, so the treats can lay snug. For round treats, use a small cookie scoop to dollop dough balls onto the parchment. Press each ball down with a fork, creating cross-hatch marks.
4. **Bake.** Bake the treats for 20-30 minutes or until the treats have stiffened up in texture. These treats won't pick up much browning color. Cool completely before storing and giving to your pup!
5. **Storing.** Since these treats are made with fresh ingredients, store them in the fridge for up to 5 days in an airtight container or freeze in a zip tight bag for up to a month.

HI!
I'M CHER.
I GO EVERYWHERE!

1 Gratitude Jar

Create a jar where kids can drop in notes or small objects representing things they are thankful for. Reflect on these moments during quiet time to foster appreciation.

2 Dance Charades

Dance Charades is a fun and lively game perfect for kids that combines acting, dancing, and imagination. It's a great way to encourage creativity, teamwork, and lots of giggles!

Objective:

Kids take turns acting out different dance moves, animals, or characters without speaking, while others guess what they are doing. The goal is to have fun, be expressive, and encourage everyone to participate.

3 Calming Bottles

Materials: Clear plastic bottles, water, glitter, small beads, food coloring, and optional small calming objects.

Activity:

Fill bottles with water, add a few drops of food coloring, glitter, and beads.

Seal tightly (use glue or tape for extra security).

Kids can shake or gently roll the bottles, watching the glitter and objects settle slowly.

Mindfulness Focus: Take a deep breath in and out and watch as the beads and glitter as they gently flow through the water.
